

Creating Your Key Communicator Network

<p>1. Whom would you bring together to talk about building a network? Whom would you talk with about the group? How would you assure that all segments of your community are represented?</p>	
<p>2. How will you extend an invitation to potential members and explain the purpose of the group? How will you create a sense of urgency and importance for their participation?</p>	
<p>3. How do you plan to organize the initial meeting? Where will the meeting be held? How will you share your vision? How will you listen and gather feedback from members?</p>	
<p>4. What process will you use to both gather and share information with the network? How will you keep members engaged in the work?</p>
